INVESTMENT ADVISORY – DISCRETIONARY ASSET MANAGEMENT AGREEMENT

This AGREEMENT, entered into this _____ day of _____ 2024 between _____ ("Investor") and WMS Advisors, LLC ("Advisor"), a registered investment adviser.

SERVICES:

The Investor desires to utilize the services of the Advisor in monitoring and managing the Investor's current investment portfolio. The objectives of this program are to monitor the existing investments providing periodic suggestions regarding asset allocation, alternative investment opportunities and general investment counseling. Advisor will provide its services on a discretionary basis, having the authority to determine the type and amount of securities to be bought and/or sold on behalf of the Investor, and will not give advance notice or seek the Investor's consent for any changes to the Portfolio. The Investor is responsible for informing the Advisor of any changes in the Investor's financial circumstances, investment objectives, and any other information provided by the Investor to the Advisor. The Investor understands the program objectives may not be met and there can be no guarantee of future investment performance. The Investor understands this to be a long-term investment plan, subject to general market conditions and volatility and agrees to be fully responsible for all decisions relating to the alternatives presented and selected.

Advisor will rely upon the financial information provided by Investor. Investor agrees to provide complete and accurate financial information and to notify Advisor in writing of any change in Investor circumstances, which might affect the manner in which Investor assets should be invested.

At this time, we have agreed to manage the investors account(s) and to provide the following:

Portfolio Design, Maintenance and Monitoring – our basic objective is to preserve capital through diversification and management of various assets classified according to historical and projected risks and rates of return, and to obtain capital growth. Periodically, we will review and rebalance the portfolio in accordance with the Asset Class allocations approved in writing by the Investor. The fees to be received by the Advisor are assessed on all assets under management. In the event the Investor begins participation in the program after the first day of the calendar quarter, the fee for such quarter shall be calculated proportionately with respect to the number of days remaining in such quarter based on the market value of the portfolio as of that date. In the event the Investor ceases participation prior to the last day of a calendar quarter, a pro-rata portion, based upon days remaining in such quarter, of the quarterly fee paid in advance, will be refunded to the Investor. The Advisor may not be compensated on the basis of a share of capital gains or upon capital appreciation of investor funds.

In addition to fees assessed and payable to the Advisor as identified above, Investor may also pay management, investment advisory, and administration and reporting fees to third party managers as outlined by agreements and fee disclosures provided by the same. Investors(s) should consider total fees assessed and discuss these fees with the Advisor.

We use primarily exchange traded funds (ETFs), mutual funds, individual stocks, or bonds in our portfolios and models, however, depending on the custodian used and the particular security, there may be trading costs of \$0-\$40.00 per trade to implement and rebalance these models. The trading costs are automatically deducted from each trade and the Advisor does not receive any portion of these charges as additional compensation.

If mutual funds are used, there may be expenses that are paid by its shareholders, and if the Investor requires a custodian other than one provided by this program, there may be a cost in addition to the fee paid to the Advisor.

Charles Schwab & Co. (Schwab) is our preferred custodian and offers a built-in billing platform, competitive trading costs, and investment flexibility; however, the Investor is under no obligation to use Schwab. Investor fees on the Schwab platform will be deducted directly from the investor's brokerage account. If the Investor chooses another custodian, outstanding bills will be subject to the billing guidelines provided below.

If an investor elects to utilize billing on assets under management within an account without utilizing Schwab as custodian, Advisor will generate a bill internally. Our bills are due and payable upon presentation. All invoices unpaid after thirty days will bear interest at the rate of one-half percent (.5%) per month (6% per annum). Should an account remain unpaid for more than two months (60 days), Advisor reserves the right to discontinue all services and refer such account to collection, including any related costs of collection.

RESEARCH AND GUARANTEES:

All opinions, advice, recommendations, or suggestions are based on information and research derived from original or published sources believed to be accurate and reliable but recognized as not infallible. There can be no guarantee the recommendations or management services will prove to be profitable in the future or that they will equal the performance of any previous recommendations. Nothing contained in this agreement shall constitute a waiver of the limitation of rights that an investor may have under federal or state securities laws.

TERMINATION/ASSIGNMENT:

This Agreement shall have a five (5) day rescission period upon signing and automatically renew on an annual basis unless terminated in writing by the Investor or the Advisor. Either party to this Agreement can cancel this agreement prior to this date by sending written notice of termination to the other party. Upon receipt by the Advisor of written notice of the cancellation of this agreement, the Advisor shall not make any new commitments or undertake any additional obligations on behalf of the Investor. Any unused portion of management fees will be returned to the Investor. Neither party may assign this agreement without the prior consent of the other party.

ARBITRATION:

- (a) **Arbitration Requirement** – Any dispute involving Investor relating to this Agreement that cannot be settled shall be taken to arbitration as set forth in the paragraph below.
- (b) **Arbitration Disclosure** – Arbitration is final and binding on the parties. Investor understands that this agreement to arbitrate does not constitute a waiver of the right to seek a judicial forum where such a waiver would be void under the federal securities laws and the investor is not waiving any rights provided under state or federal securities laws to pursue a remedy by other means. Pre-arbitration discovery is generally more limited than, and different from court proceedings. The arbitrator's award is not required to include factual findings or legal reasoning and any party's right to appeal or to seek modification of rulings by the arbitrators is strictly limited.
- (c) **Arbitration Agreement** – Any controversy or dispute arising between the Investor and the Advisor will be determined by an arbitration proceeding, to be held in accordance with the commercial arbitration rules of the American Arbitration Association. Any award rendered therein shall be final and binding upon each and all of the parties, and judgment may be entered thereon in any court having jurisdiction thereof.

No person shall bring a punitive or certified class action to arbitration, nor seek to enforce any pre-dispute arbitration agreement against any person who has initiated in court, a punitive class action or who is a member of a punitive class and who has not opted out of the class with respect to any claims encompassed by the punitive class action until: (i) the class certification is denied; (ii) the class is decertified; or (iii) the Investor is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this Agreement except to the extent stated herein.
